We all admire a man who says what he thinks—as long as he says it about other people.

Remember Pearl Harbor !

* * * *

To the extent that the people of these United States are faithless to their task of expressing Individualism, represented by the Christ who obeys God only, they are worshipping the $ and are ruled by its creator: The merciless Jew, typical of Henry Morgenthau.

The trouble with our American "melting pot" is that all the scum rises to the top.

Who Dictates the Issuance of Our Money?

Crimes of Compulsory Public School "Education"

President Truman to Make More "Loans to Our Allies"

By C. Leon de Aryan

So the President took his pen in hand and wrote to the Congressman who asked if other loans would follow the application of Great Britain for $4,400,000,000:

"Naturally there will be requests from a great many countries, some of which we shall expect to accommodate."

Representative J. Parnell Thomas (Republican), New Jersey, released correspondence between himself and President Truman which brought that quotation out of into the open. And with publication of the inter-change of letters, Thomas pleaded that Congress be told, by the White House directly or through the house banking and currency committee, what other commitments the President has made, if any, before the House votes on the proposed British loan.

Replied the President to Rep. Parnell:

"Since we spent some 300 billion dollars to carry on a war, for the thing for which we stand, it seems to me that we ought to be willing to contribute financial aid to devastated countries and to our Allies to implement the peace for which we fought.

"I am inclined to think we are willing to do just that. These loans are entirely different from the contributions we made in wartime. We, of course, shall expect their repayment."

CRIMINAL OMMISSION IN PUBLIC SCHOOL EDUCATION

How many graduates of our public schools, from Grammar to College, know anything about money, what it is, how it is issued, how its relative value is determined, by whom and why? Not one in 10,000 knows the rudimentary process that creates and manipulates the issue and value of our money. Why don't they know it? Because our "educators" are as ignorant, too. Why? Because to **KNOW** is power and this power is reserved for the real rulers of the U. S. A., while the people **MUST be kept in ignorance,** just as they are kept in ignorance in matters of religion and health that priestcraft and the medicinemen may continue to exploit them.

Where the church prevailed as the state-church, independent sects have had hard sledding to survive. Where education is state-controlled, paid out of general taxation, independent schools cannot meet the competition. All our rulers and dictators had to do was control the few who shaped the educational curriculum and they controlled the minds of yesterday's children who are today's voters and they shape the minds of tomorrow's voters by present-day control of public education. The methods of these rulers are specifically exposed in **The Protocols of the Elders of Zion** which gives the correct key to present-day dilemmas the world over.

SHALL "WE" LOAN MORE "MONEY" TO ENGLAND, RUSSIA?

President Truman proposes to loan more billions to the rest of the world to "rehabilitate" them. That means the people of the U. S. A. are to guarantee that the International Banksters shall exploit **ALL the workers, everywhere in the world.**

The Axis powers had to be defeated because they dared set up a financial system not controlled by the Jew set-up of London, Amsterdam, Paris and New York. That, and that alone is the real reason why War II was fought. In using the term "Jew set-up" don't make the mistake of imagining that all the members of the Banksetr dictatorship are Jews. No, they are in the minority, but **they control the set-up,** it's their system and they decide what, when and who.

The public in general has a wrong picture of Jewry. The Jews are a conglomeration of white, yellow, brown and black peoples and its **Eur-asi-afro mixtures.** Some are yet white, others are mongrels of varying degrees and colors. They are eternally fighting among themselves as is natural to such an unnatural compound. To keep these fighting, quarrelling mongrels in one group against the outside world, the Jewish dictatorship plans and executes periodical pogroms and persecutions by their "Gentile" dupes whom they control. It's a cat and mouse play. And they are as ruthless and hardboiled as Moses was with the Jews. Obey, or else. . . . . !

We would not object in the least to giving charity to the huungry peoples of the world. "Feed the hungry, clothe the naked, etc.," is our Christian duty. But is this what that moronic man in the White House proposes to do when he loans "our money" to the world at large?

DONATIONS TO THE BANKSTER SET-UP

Bear in mind! During the last year of Herbert Hoover's presidency the U. S. was so poor **it could not find 2 paltry billions** to stabilize the banks but had to rush headlong into bankrupcy and the bank-holiday. Why?

Because the Sanhedrin had decided to force the Newdeal upon America and reduce us to slavery under NRA. OPA and World War II.

As soon as Roosevelt was enthroned the U. S. A. found 300 billions to wage war, because thru this "emergency" the Sanhedrin was enabled to enslave us not only financially, mentally, spiritually, but actually conscript the slaves and their children, male and female and pit them against their **artificial opposition** to destroy the **liberties of both.**

Bear in mind that the Sanhedrin produced Hirohito, Hitler, Stalin, FDR and Churchill and pitted them against each other to hold the balance of power. That continues today.

There is no such thing as a French, English. Dutch, German, American **independent** government. The Rothschild & Co. set-up dictates in these countries, the voters merely select one of the sets of stooges set up before them.

It was the English-American "foreign" policy which actually set up the Mikado in Japan and still maintains him for their own ends. They finanaced and educated Japan for war expansion against China. They are doing the same thing with Chiang-Kai-shek. They financed Hitler with 7 billions to organize a "war-menace" in Europe. They sent Lenin and Trotsky to take over Russia. All this for the purpose of dividing the peoples of the world and setting them against each other, then the Sanhedrin holds the balance of power.

Now when Truman loans billions to England, which we have not in our treasury, Truman, thru our congress, goes to the Jew set-up and "borrows" the "money". They don't have it either. So Truman, thru the congress, orders the Treasury to print bonds which it hands over to the Federal Reserve Bank, Rothschild & Co. baby, and, then, this baby received a gift from Santa Claus, its Uncle Sap. It places this "Christmas" gift on deposit to Uncle's "credit" and the U. S. Mint prints an equivalent in "money" for which the Federal Reserve Bank merely **pays the cost of printing,** and draws interest from the taxpayers forever after.

So when Truman cries that we must help starving Europe, Russia and Asia, he means: **we must donate the money to the Federal Reserve Bank,** a private usury corporation owned by International Banksters, controlled by the Sanhedrin, **pay them interest forever,** and they, then, will supervise its use in the "starving" countries to make sure that **their plans** of world control are carried out.

It is not Christian charity we are handing out, but literarily, we are enslaving ourselves and our children to the Octopus to insure progressive control of the world by a handful of ruthless, unscrupulous, murderous pirates.

IS THE TRUTH ANTI-SEMITIC ?

In stating the facts as we find them, bear in mind, while the usury set-up, the system, is Jewish, for every Jew there are more than 100 equally unscrupulous, ruthless and soul-less Gentiles who own stock in the financial world cartel and eagerly execute the commands of the Sanhedrin, as it was Gentiles who did the dirty work of crucifixion. The remedy, therefore, is not more Jew-hatred, because only fools succumb to such orgies. The remedy is **public education** that the peoples of the earth realize how they are being exploited and pitted against each other. Hatred is blind; blindness cures nothing.

"You shall know the Truth, and the TRUTH shall make you free!"

Of course, all this exploitation could not continue if governments were financed from the **public treasury** of the "unearned increment" in landvalues, in place of taxes. As long as "government" is the tool of the "landvalue" exploiters the peoples of the earth will pay tribute to private monopoly.

SET ELECTION DAY FOR RECALL OF McCLANAHAN

LOS ANGELES,—By action of the City Council the election date for the recall of Meade McClanahan, 13th district Councilman, has been set for Tuesday, March 19.

No 'Slave Shop' Contract For Consolidated Vultee

A spokesman for the Consolidated Vultee Aircraft Corp. made the following statement concerning the strike of some of its employees:

"First and foremost, the Union officials want the Company to agree to a union shop. What does this mean? It means that after 30 days **no one** in the department represented by the Union would work for Convair unless they joined the Union, paid an initiation fee and kept on paying dues. It means that if an individual did not want to join the Union, did not want to pay an initiation fee or did not continue to pay dues, the Company would have to fire that man or woman. It means that if Union officials, for any reason, suspended the membership in the Union of any employee of the Company represented by the Union the Company would have to discharge that employee regardless of his ability on his or her job, or his value to the Company.

COMPANY POSITION ON UNION SHOP

"Consolidated Vultee will never agree to any form of compulsory union membership. The Company firmly believes that what employees do of their own free will is not the Company's concern. The Company **has not,** nor **will not,** discriminate against an employee who wants to belong to the Union. Equally, the Company **has not,** nor **will not** agree to discriminate against an employee who does not want to belong to the Union."

Why Gen. Marshall Did Not Phone

WARNING WOULD HAVE PREVENTED ATTACK

WASHINGTON, D. C.,— The congressional Pearl Harbor investigation committee heard the highly dramatic story, as gathered from Japanese sources, of the surprise attack on Dec. 7, 1942, which smashed the United States fleet and brought the United States into the second world war.

The attack, almost the only "secret" which the enemy kept from our intelligence units, was accompanied by good weather and good fortune and its success was beyond the wildest expectations of the Japanese high command.

So apprehensive of failure were the Japs that the operational plan **provided for immediate retreat of the fleet if it had been detected by a single American plane or ship.** But not even a false alarm disturbed progress of the expedition.

Editor's Note: Gen. Marshall had orders from FDR **to let the Japs attack first.**

Jewish Hate Dictatorship

Editor: The Broom.

I have listened to the gospel of hatred preached against the German people until I have a belly full of it, and would like to get a couple of things off my chest. I volunteered and went to France with the Fifth Marines in World War I, before I was hardly old enough to do my own thinking. The same old propaganda machine that told us who to hate, why to hate, and how to hate, in that war, got out the same old line of hokum for this one. My boy did his bit in the S. W. Pacific, while European refugees were cleaning up on our stock market (tax free) this time—But the subject is why should I hate the Germans? Is it simply because Jews with whom I've had enough dealings to understand, tell me I must? If that is the case, no soap! Take it or leave it!

Am I to think that for no reason at all, an illiterate soap box orator like Hitler could turn an entire nation upon Jews within that nation without cause? Brother, when I start thinking I go to the bottom of things, and even Jews can't stop me. Can any sane man say there can be hatred where there is no fear? Were the Germans not afraid of Jews because of the powerful financial and political stranglehold they had upon Germany? Am I supposed to think that Jews have a monopoly upon virtues while Germans have none whatsoever?

Am I supposed to go help fight one war and send a boy off to fight another while international Jews wax fat and insult what little intelligence I have, without speaking my mind, in order to escape being dubbed anti-Semitic? If so, make the most of all I have said. I was obliged to take insults from a Jewish surgeon in one of our Veteran's Hospitals where I was a patient for one solid year. Is that supposed to make me like Jews or fear them? It certainly didn't cultivate any more love for them than I already had. Experience more than anything else, will decide my likes and dislikes for me, and for those who would **make** me hate the Germans, I wish to say my conscience will decide that, for I refuse to be driven into a mental goose-step.

Honestly, JAMES B. ROBINSON

How To Help German Destitutes

CAMBRIDGE, Mass.,—Mrs. Ulich (Elsa Brandstruem) wife of Professor Ulich of Harvard University, recently received the following cablegram from Archbishop Eidem of Upsala: "The German Evangelical Church has organized relief work in all zones with local committees in all parishes under chairmanship of Bishop Wurm. Close contact with Roman Catholic Church and local welfare committees. Wurm, Bodelschwingh and Lilje ask you in the name of this relief work to come to Germany to organize especially children welfare. Please reply immediately.

Mrs. Ulich expects to leave for Europe very soon. She is taking with her what used clothing (for adults as well as children) she can collect from friends. The Swedish Transatlantic Steamship line has granted free transportation to Sweden. There the Swedish Red Cross is building up stock that can be shipped to Germany by truck the minute permission is granted by the occupational authorities.. This may be expected soon.

Since Mrs. Ulich is in this country acting as a private individual, she cannot make a public appeal. Hence this letter.

Can you help in the following ways:

Send used clothing to Mrs. Robert Ulich, 113 Walker Street, Cambridge 38, Massachusetts. Anything that gives warmth is welcome. Shipments will continue to be accepted and forwarded after Mrs. Ulich's departure for Europe.

Red Jews Threaten to Assassinate U. S. Officials

NEW YORK,—Following are extracts from "A Patriotic Message" in America from B. A. Schapiro, a Jew, in a pamphlet entitled "America's Greatest Menace. "

"The time has come when Jews of America should begin to feel the great responsibility for the evil deed (Communism) planned and hatched in the camp of Israel.

"Communism is tyranny worse than those of the Czarist regime. . . The Bolshevik revolution was first hidden, rooted and started in Leningrad and Moscow, and thence hurled itself on the remainder of Russia. It is starting in exactly the same way here and now.

"I meet Communists in their hunting grounds, Union Square, New York.

"How will you start the revolution here in America? I asked them in their own language. Do you not think that ultimately the government will wake up and make what you are doing illegal?

"They reply: 'Then we Communists will work underground, and use the same methods that brought about the Russian revolution by **assassinating the government officials and scaring the others to death.** We will plant 'cells' in their homes—poison their food. Did we not do so in Russia and **succeeded ?'**

"At a mass meeting in New York City, commemorating the anniversary of the death of Lenin, there were nearly 25,000 present. There were not 500 Gentile faces in that mob.

"Our coffers are full, our homes palatial, our synagogues rise, our hospitals multiply, never in the palmy days of our history has Israel, so increased in wealth.

"Demonstrations such as are often resorted to by Communist leaders and their dupes, will soon exhaust the patience of the tolerant Americans and create in them a spirit of hatred against all Jews, the like of which has never been seen, for we have become an irritation to our American neighbors.

"We will pray then that their hills may cover us. The American People are essentially men of action, practical men, and surely America's participation in the World War has shown what

Americans can do when once aroused to the conviction that their forebearance has been abused."

"Let no Jew who reads these words accuse me of trying to ingratiate myself with anti-Semites. The baptismal font has not lessened the love I cherish for my people, but because I have a dual perspective, being a Jew by birth and race and at the same time a Christian by faith, I believe I can help my people, especially since the Rabbis ignore what is ailing us, while the Christian ministry is silent, fearing to touch the Jewish Problem."

Professor Harold Laski, head of the British Political party now in power, said recently: "Christianity has failed. The world is looking toward Russia for its ideals and standards of morality." Christian observers here wonder why we should finance such politicians with government loans.

Jewish Capital Wanted UNO Seat Close At Hand

French Delegate Objected to Jewish Pressure . . . Birkhead Lists "The Broom" With Hearst and Patterson Press Among Truman's Critics.

NEW YORK (Special),—This capital of world Jewry is stunned at the sudden halt in their plans to locate the headquarters of the United Nations in a suburb of New York.

As a French delegate pointed out, **"there are too many foreign colonies in the New York area, and more 'pressure' groups than in any other spot on earth. Imagine what the colossal Jewish mob would do when UNO took up the question of Palestine".** . . .So at this writing, it looks like San Francisco may come back into the picture.

"VOICES OF DISUNITY"

At the "Freedom Forum" discussion over the red radio station "WEVD" on the 6th, its moderator, the intolerant hate spreader, L. M. Birkhead, endeavored to answer the question—"To whom was President referring in his recent speech (prepared for him by his Jewish 'palace guard') when he criticised the "VOICES OF DISUNITY' in America?"

Birkhead listed those he thought Truman was referring to, viz:

(1) The "obstructionists" newspapers, N. Y. Daily News, Chicago Tribune, Washington Times Herald.

(2) Congressmen Rankin and Hoffman, and Senator Bilbo.

(3) "Subversive" outfits, like that of G. L. K. Smith and Father Terminiello in Detroit last night.

(4) **"The Broom"**, "X-Ray," "The Defender," "The (N. Y.) Gaelic American," Father Curran's "Tablet " in Brooklyn.

(5) All Anti-Negro, Anti-Jewish, Anti-Catholic and Anti-World Organizations, e. g. the Protestant War Veterans. He later added Congressman Barry (D.) of Queens.

Rabbi Rosenbloom added "all America First outfits," the KKK—"I am going to Atlanta soon, to see about the KKK", Carl Mote and Associates of Indianapolis; "Christian-American This and That." Anything Christian or Gentile makes this Sanhedrin gentleman see red. He condemns the work of the "Guide Posts" (?) of the National Association of Manufacturers in Baltimore.

The Rabbi wanted Freedom of Speech modified (or abolished)—to forbid the mails to all "racial slanders" and asked a law against "LIBEL OF RACE." To the credit of Birkhead, he opined that such laws would do more harm than good.

The rabbi asserted that the Kosher bleeding of animals in slaughter was humane and almost painless. ("Blood donors suffer no pain").

WALTER, the Lipschitz, in a recent newspaper syndicated column made a slanderous attack upon many of the persecuted 29 alleged "seditionists" and a hysterical plea for their re-trial and further persecution. When will the American people cease to patronize such poltroon?

CONGRESSIONAL RACE

JOHANNES STEEL, the German-born half-Jew refugee who befouls the air waves nightly over station WHN with his attacks upon "free enterprise" and everything "old American" including the Constitution, is the Red candidate for Congress in the 19th district, to succeed Dickstein who was elected a city judge. He is backed by Wallace and the American Labor Party (organ of the Bolsheviks). He is waging his campaign against Congressman Rankin and Senator Bilbo, whom he promises to put in their places, if not out of congress. His appeals are to the most vicious of prejudice and hate. He has the support of "PM" and the "Daily Worker."

Steel has two opponents, the Democratic New-dealer and excongressman Klein, and a Republican—both Jews—in a Jewish Eastside district. Dickstein in 1944 received 52,000 votes in the Democratic column, and 17,000 in the American Labor, to 25,000 for his Republican opponent .

PERSECUTED BY JEWS

Postponed for sentence until the 14th was the case of Ginsberg's persecution of Homer Maertz, Kurt Mertig and Ernest Elmhurst for "unlawfully assembly." As their attorney did not offer one shred of evidence in their behalf, people wonder why they paid him a $2,000 fee!

Gentlemen:

Herewith check for $5, for which please send me your paper The Broom for one year, and do what you wish with balance.

I saw your advertisement in Gentile News.

For many years I have tried to open the eyes of our people to the danger from Communism, but with little result. People do not want to wake up—they do not want to be bothered. But of that awakening which is going to be very rude and sudden I keep on trying to tell them. I have a mimeograph and get out circulars and put them over town with the aid of a couple of small boys.

Here in Phoenix (which I suppose is the same as any other American city in that respect) the Communists get up in our parks and openly denounce us and our form of government while they praise Russia to the skies. If some loyal American attempts to say something in favor of this country he is immediately hooted and booed. And we stand for it.

Now, Communism is anti-American just as Fascism, Nazism or any other foreign ism. We shut our gate to Fascism and open it wide to another snake, Communism. These vermin infest our parks and lay their eggs where they may hatch out into more vipers. Their chief work is biting the hand that feeds them. They actually get up and lie and vilify our best citizens, but let us say one word against that low-down rat, Stalin and they become furious. Now these rats are not all foreigners as one would think. No, I note that most of them are American-born. That is the strange part of it. Born here and have enjoyed our freedom and then to turn against us and want to install a slave system of government! They are the vilest kind of traitors and should be so treated..

Don't let us ever get the idea that Russia is too far away to attack us. She already has a large standing army right here just waiting for the word. I mean these millions of American communists and their sympathizers.

Yours Americanly, — — Mrs. M. C.

Has G. O. P. Elephant Eaten Loco-Weed? Southern Statesmanship . . . Lincoln On Negro Inferiority

By WASHINGTON ADAMS

WASHINGTON (Special), Feb. 10,—Failure of the Republican party to function as a true opposition party to the Socialist New Deal is perhaps the supreme tragedy of American politics. It has permitted the radical Roosevelt despotism to run wild, unchecked and hardly even criticised.

This raised a pathological question— HAS THE G. O. P. ELEPHANT BEEN EATING LOCO-WEED, LOST ITS MIND, AND IS IT HEADED FOR THE GLUE FACTORY ?

The particular brand of weed is Red Socialist venom, which has become a normal diet to the donkey, but is rank poison to the elephant, bringing certain death if the diet is steady and prolonged.

The old elephant, feeding for two generations on the open range of free enterprise, free speech, personal liberty, high patriotism, love of our Constitution, friendship for all humanity, protection of American labor and industry and freedom from foreign alliances and entanglements, waxed strong and unbeatable. No weak mahouts like Dewey, Stassen or Willkie were allowed on the range.

For the past twelve years the non-legal and non-Constitutional party nominating convention system has steadily deteriorated. The system is infamous and has caused the founding fathers to turn over in their graves. It has shown itself wide-open to the approaches of foreigners and foreign ideologies. The same group which DIRECTLY DOMINATED the New Deal conventions in turn INDIRECTLY and somewhat secretly dominated the G. O. P. conventions, and put across Willkie and Dewey, neither of whom understood or believed in the Republican cause, and were calculated for DEFEAT.

The Red Socialist Bolshevik combination of Negroes and Red Russians hatched up a fraudulent scheme to DESTROY THE PRIVATE EMPLOYERS of America and socialize their industries and farms. They called it "FEPC" (Fair Employment Practice Commission, run by "commissars").

But for the valiant resistance of the Southern Senators—unprecedented in the life of our nation, the Red Fanatics and their cowardly fellow-travelers would have succeeded. The Southern "Thermopylae" stopped them.

Most of the "Republican" (?) senators seemed "locoed." They did not fight; they appeared dazed, and skulked within the shadows. Some New Deal so-called "Republicans"—Aiken and Austin of Vermont, Wherry of Nebraska, Smith of New Jersey and the red radical Morse of Oregon—actually and actively supported the infamous bill, darling of the New Dealers, "PM", the "Daily Worker," and every Communist the world over.

The Republican leader, Senator White of Maine—a real statesman, Hawkes of New Jersey and a few other G. O. P. patriots—joined in opposing the infamous monstrosity. The words of Senator White will go down in history. Said he:

"If I voted for cloture or FEPC, I would be strengthening the ARMS OF GOVERNMENT AT THE EXPENSE OF THE LIBERTIES of the people of this beloved country."

SOUTHERN STATESMANSHIP

During the first eighty years of our republic's history, twelve of the fifteen greatest American statesmen were Southerners, starting with Washington and ending with Lincoln.

In the recent prolonged Senate debate on the infamous "FEPC"—**Anti-White and Anti-Christian bill,** every Southern Senator (with the exception of the windbag Pepper of Florida and Barkley, the "senator from Hyde Park") showed up as a far abler and more heroic fighter for liberty and freedom than anyone had imagined.

Their speeches should be compiled in book form and widely circulated. I shall try to review them very briefly another time.

LINCOLN ON THE NEGRO

This is the birth month of Lincoln, about whom the Reds will tell more lies than could be printed in a hundred-page book. In contradiction to them, I wish to quote from Lincoln's speech at Ottawa, Ill., Aug. 21, 1858, as follows:

"I have no purpose to introduce political and social equality between the white and black races. There is a physical difference between the two, which, in my judgment, will probably forever forbid their living together upon the footing of perfect equality; and inasmuch as it becomes a necessity that there must be a difference, I am in favor of the race to which I belong having the superior position."

F. E. P. C. or Ship the Negroes To African Clime ? !

WHAT ABRAHAM LINCOLN SAID

President Abraham Lincoln was a strict segregationist, and a believer in the necessity of white supremacy, as far as the black and white races were concerned; a fact that not many people living today know. In a speech made at Springfield, Illinois, on June 26,1857—he said:

"There is a natural disgust in the minds of nearly all white people at the idea of an indiscriminate amalgamation of the white and black races . . . . . A separation of the races is the only perfect preventative of amalgamation; but as an immediate separation is impossible the next best thing is to keep them apart where they are not already together. If white and black people never get together in Kansas, they will never mix blood in Kansas. This is at least one self-evident truth. A few free colored persons may get into the free States, in any event; but their number is too insignificant to amount to much in the way of mixing blood . . . .

"Such separation, if it ever be effected at all, must be effected by colonization; and no political party, as such, is now doing anything directly for colonization. Party operations at present only favor or retard colonization incidentally. The enterprise is a difficult one, but "where there is a will there is a way," and what colonization needs most is a hearty will. Will springs from the two elements of moral sense and self-interest. Let us be brought to believe **it is morally right,** and at the same time **favorable to,** or at least not against, **our interest** to transfer the African to **his native clime,** and we shall **find a way** to do it, however great the task may be. The children of Israel, to such numbers as to include four hundred thousand fighting men, went out of Egyptian bondage in a body." (To be continued)

Will Eisenhower Hang For Stuttgart Rape of 2000 Women ?

Dear Sir:

I believe the lust for the blood of alleged Axis war criminals can quickly be quenched (or chocked) if we began bravely to "apply the maxim of equity that one must come into the court with clean hands," as Robert M. Hutchins demands.

During the Yamashita trial our papers cried vengeance because 25 Manila "beauties" had been raped by troops under Yamashita's command. The obviously correct procedure is that we do to the Big Three Soldiers who comitted rape and to the generals under whose command they were what we want done to Yamashita and guilty soldiers under his command—do it first, so we can execute the Japanese and Germans with impartial hands.

On July 17 it was revealed in the U. S. Senate that troops under Gen. Eisenhower's command (not under his orders, just as Gen. Yamashita's troops did not act under his orders), French troops under Eisenhower's supreme command, raped 2,000 Christian Stuttgart girls in one wild weekend.

After we have treated those guilty soldiers and Gen. Eisenhower, their supreme commander, the way we want to treat Yamashita, let's do likewise to Yamashita. I think in such a Christian procedure Yamashita will not be hanged!

A British Archbishop declares that Allied occupation troops (Russian) raped 100,000 Viennese women "not once but many times." After we have treated these guilty Allied soldiers and the generals who commanded them as we want to treat Yamashita, only after that, let's start trying and hanging Axis war criminals. The judge and executioner must come to court with clean hands!

Dr. A. J. APP, San Antonio, Texas.

My Dear Mr. de Aryan:

The Pearl Harbor Investigation clearly shows that as far back as 1939, but surely in 1940 and early 1941 our President without consulting, nay without even informing Congress, not only plotted war but gave orders to shoot on sight any Axis-vessels.

Assuming WE had lost the war and OUR leaders—above all FDR—had to stand trial and Hitler would argue that since FDR plotted war and started shooting, our whole nation—men women and children—not only would he held responsible but would be cruelly punished by starving our people to death this very winter and by allowing his Asiatic Allies to go after our daughters and others and to rape them as often as 34 times.

WHAT WOULD WE SAY to such a barbaric contortion of international law ? ? ? ?

Police, Firemen, Janitors in L. A. Slave-Shop

LOS ANGELES,—**Adoption of the check-off system** for three unions of city employees was given tentative approval by the City Council.

The three are the A. F. of L. Policeman's Local, the A. F. of L. Firemen's Local, and the C. I. O. State, County and Municipal Workers Local of Garbage Collectors and Janitors. All three claimed substantial membership.

Final decision will be made Wednesday, while councilmen in the meantime study the statistics on deductions furnished by City Controller Dan O. Hoye.

Hoye testified that 35,000 cards authorizing individual deductions for war bonds, group insurance and city employees associations are already on file, and that the book work now costs the city around $10,000 a year.

My Dear Mr. de Aryan:

As my subscription for The Broom expires, I am enclosing herewith a check for $5 dollars for one year. Kindly use the balance towards the good work you are doing.. Regards, —C. G.

The friends and the disciples alike became more and more inspired with the idea of spreading the good work until at last it seemed as tho it were carried by a great wave, to resist which would have been almost impossible, and on and on the glad tidings were carried from village to village, and city to city, until upon every tongue these words were heard, "He liveth!"

That Master Yessu could not remain with Yousef or live in Jerusalem without being detected, and thereby becoming an object of espionage, was very apparent. Such a state would undoubtedly lead to an investigation, which would necessitate much explanation. This was beyond all question, and the Master decided to give the church spies one more slip that would prevent them from dogging and tracking His footsteps.

Certain rumors having been circulated that His face had been seen by many who in public life were well acquainted with Him, caused inquiries to be made by many spies who determined to satisfy themselves as to whether He had been seen in reality or whether the claimants labored under a form of hallucination.

His intimate friends persuaded Him for His own sake, as well as for their safety, to make his abode east of the river Jordan, where the friends of the Inner Circle had small communities. It was there, among His own, those who had remained faithful to Him, that He would make His abiding place. But to do this it was necessary to evade the enemy, to remove all possible clews from those who were secretly upon His track.

Thus, in crossing the mountains His disciples and the Covenanters in general were invited to follow Him. That among the throng there would be some spies the friends doubted not, and to throw them off, to leave them in confusion and ignorance, became their object .

On the way towards the Jordan, and not far from Bethany, the company ascended the highest mountain peaks. Here the Master, after instructing them in matters pertaining to their great mission, imparted individual blessings. While doing this the sun was sinking fast and the clouds rolled up in volumes as if late in witnessing an important event, while the mist, lowering heavily, promised the falling of a heavy dew.

While watching the rolling of the swiftly-passing clouds, to which the attention of the people had been called by the Master, and while gazing at the gradually sinking sun which only revealed its splendor as if in the act of bestowing a last benediction on the world, the approach of thunder in distant tones became perceptible to their ears, and while awaiting further orders as to what steps to be taken, a sudden, heart-rendering cry was raised by some of the friends, "look and see!" All eyes, as if with one accord, gazed up into the heavens. What could it mean? A cloudburst! a whirlwind! a cyclone! and then a hail storm!

While yet gazing at the myriads of rapidly-forming pictures drawn by the restless clouds, two mysteriously-garbed men in white appeared and in voices clear and distinct announced: "Ye men of Israel, why gaze ye into the clouds; the Same who has disappeared from out of thy sight shall come again in like manner, and all who have eyes shall see Him."

This most unexpected surprise seemed to root their feet to the ground. They dared not look or see.. When their courage returned they left the mountain top one by one and retraced their steps towards Bethany to look for a resting place for the night. Only then did they wonder and marvel at the Master's sudden disappearance.

Some seemed to remember just faintly the phenomenon of a dissolving and dematerializing form, while others again thot it merely a phantasma, due to the peculiarity of the rapidly-changing clouds.

This one thing was certain: He whom they had loved most was no longer one of them for He had disappeared from their sight. Even those who were not of the flock and of but little faith, employed to hunt down the Master, marveled with them and regarded the mysterious disappearance as inexplicable, and altho their material for proof was rather meager the idea of having seen the Master taken up by the clouds fastened itself so strongly upon their minds that they readily believed it, for what else could have happened to Him upon whom they had had so sharp an eye?

In the meanwhile, Master Yessu, in the company with His guardian angels from the Order of the Inner Circle, wended His way eastward until He came to a little hamlet inhabited by friends of the Order. Here they stopped for the night, only to again take up their journey until they reached Beth-Yeshimoth, the temporary abiding place of the Master.

PRACTICAL RESULTS

The practical results of really humane diets should be of interest not only to humanitarians, but also to philosophers who seek to discover the laws relating man to the spiritual forces of the Universe. If it be true that man's physical needs can be served best by serving also his highest spiritual demands, we have a fact informing us that conscience is not merely the guide to spiritual righteousness, but also to physical well-being. Perhaps Professor J. Arthur Thompson had the conscience factor in mind when he stated—"It is reasonable to recognize that scientific method is only one of the rights-of-way to truth." To which some of us would add that scientific method divorced of all ethical consideration can be a great highway to falsehood, and ay even be a prostitution of the term "scientific."

Why should we question the adequacy, or even the superiority, of a diet with dairy produce? Let us remember that milk appeared as an article of diet only with the coming of the pastoral peoples. Throughout long ages early man could not have had the use of the milk animals, yet he managed to get all the calcium required to build strong bones and sound teeth. The diet of the Roman gladiators consisted almost entirely of barley cakes and oil. Charles Darwin wrote:—"The most extraordinary workers I ever saw, the labourers in the mines of Chili, live exclusively on vegetable food." Referring to these workers, Sir Francis Head writes:— "It is usual for the copper miners of Central Chili to carry loads of one to two hundred pounds' weight up eighty perpendicular yards twelve times a day; and their food is entirely vegetarian—a breakfast of figs and small loaves of bread, a dinner of boiled beans, and a supper of roasted wheat." The world-famous dietician, Dr. Hindhede, of Denmark, together with his colleagues, lived for two years exclusively on potatoes, vegetable margarine and water, and found their health only improved. The American dietician, Dr. William Howard Hay, tells us: "The system does not require one single item that is not furnished by the vegetables, the grains, the nuts, and the fruits, and furnished better and with less waste than in the animal products." The great anatomists have had to agree with Cuvier that—"The natural food of man, judging by his structure, consists of fruit, roots and vegetables." Why, then, should we modern vegetarians be willing to stay at the half-way house, instead of boldly making the full journey? Will the world ever take us seriously so long as we lack the dignity to ween ourselves from the cow and feed on the purer foods better fitted to support adult life? Do we really believe that "the bottle" stands between ourselves and starvation?

Milk drinking by adults clearly violates natural law, and we all know that retribution awaits him who does this. Natural law is stronger than we are, and if we ignore it we do so at our risk and peril. The outlaw here gets but one answer—suffering. Regarding the correct use of milk, Nature's instructions seem perfectly clear. She provides it for mammals only in infancy before their teeth have appeared, and then only the milk of their species. She arranges for it to be taken direct from the mother to the young, without exposure to light or air. Taken in this way it is at exactly the temperature of the mother's body. Under natural conditions the cow would become dry in about two months after the birth of her calf, for at this period the calf would begin to chew its own cud. In our use of milk all these natural laws are broken; in fact more natural laws are broken than is the case when man eats flesh. The exposure of milk to the air inevitably means infection by hosts of organisms which find it an ideal medium in which to multiply. It has been estimated that a single drop of milk twenty-four hours after leaving the cow may contain as many as 4,000,000 bacteria! Might not the bombardment of the body by such huge numbers of living organisms in the form of this "bacterial soup" be at the root of much of our universal ill-health? But we need not rely on conjecture in order to give warning of the dangers of milk. It is openly admitted that between 40 per cent and 70 per cent of the country's cows are infected with tuberculosis and that at least 40 per cent of the cases of non-pulmonary tuberculosis in children are due to infected milk. At the Sanitary Inspectors' Association Conference, held in London on November 25th, 1943, it was stated that of 2,433 cows slaughtered recently at Stoke, 1,277 or 52.2 per cent, were affected by tuberculosis. It was also stated that 2,500,000 dairy cows in this country are under regular veterinary supervision. In New Zealand, annual losses in dairy herds through disease amount to one third of total stocks. Who can assess the effect of this amazing state of affairs upon human health? Widespread as tuberculosis is among cows, it is not the chief cause of loss to the dairy farmer. Contagious abortion and mastitis are both more serious. The plain truth appears to be that the unnatural strain imposed upon the cow by commercial milk production is such that the maintenance of her health is impossible.

War Is A Racket

Dear Friend:

Permit me to heartily congratulate you upon your recent courageous and exceedingly able presentation of arguments, in Sacramento Court on behalf of your son David, which case, regardless of its immediate outcome, may have far-reaching importance in future years. The apparently dignified courtesy of the presidirg Judge reflects much credit upon the Court.

I do know the attitude towards Pacifists of the present U. S. Supreme Court but as you are probably well aware, the late Chief Justice Holmes paid some very fine tributes to Quakers and Pacifists. Since, by the Briand-Kellog Peace Pact of Aug. 27-28, war was "Forever renounced" and OUTLAWED by nearly twenty Governments, it thereby made OUTLAWS of ALL those who aid or participate in the racket of war. This Treaty of Paris was an International Treaty and as such it legally amended and became a part of the Constitution of U. S. A. Therefore, although shamelessly repudiated by many as a mere "Scrap of paper" it is yet the supreme law of the land. Accordingly, it should be respected and obeyed by all citizens, aliens, congressmen and Judges. This is a fact from which there is no possibility of escape and no alibis should be accepted.

Many of the men who were kicked into the armed services and are now being lauded as heroes or as our brave defenders, probably felt helpless when they meekly surrendered to Government orders. Evidently, many of them did not clearly understand that we One and All have a Universal Kinship with everything that breathes the breath of life. By this Unity of Life, we mean that although each human being is a separate, spiritual entity (An individual) still he is not entirely separate from others, but is connected with all other souls and minds by a subtle, actual bond which positively connects all together. The instant one of millions disturbs this connection, great multitudes feel the effect by reaction through soul and mind, from which they can return to a normal state only through painful adjustments. Thus each murder of self (suicide) or a "Lawful" execution by a government, disturbs the Balance of Nature and turns loose the real man (more alive than ever) to avenge himself upon society. To murder wholesale in war under the pretext of duty releases innumerable, powerful evil forces. All reasonings regarding duty and patriotism, unless in harmony with the teachings of the Christ, are superficial, ignorant reasonings, they are the fruits of illusion and not of sound philosophy and wisdom.

Whether by actual violence or acceptance of blood-money through participation in misnamed defense work, the aftermath of our disregard of God or Nature's Laws is always an inescapable flood of evils, whereas obedience to these laws is the way of Peace and Blessedness. Yes. "The way of the transgressor is Hard" . . The essence of genuine religion is Truth and Goodness—a living practical faith in the Fatherhood of God and its necessary corollary—the Brotherhood of ALL Mankind together with our Kinship with the entire animal creation. These fragments of Occult Truth are not mere speculations.

Evidently David is an old soul in a young body. Whenever his test comes, may his brother Fred, likewise be able to successfully defend what he consciously feels to be unalterably honest and true principles. For it is the moral cowards who for sake of expediency travel with the crowds and by so doing make our world more or less unsafe for peaceable people. Nuff said. I feel strongly on these matters so kindly forgive length of this letter.

With kindest regards and wishing you much encouragement in your noble work for humanity,

Cordially and sincerely yours. .

"Illegal War" Is "War Crime"

WHO ARE THE CRIMINALS ?

WASHINGTON,—Admiral Royal E. Ingersoll asserted that Washington knew before Pearl Harbor that there would be war with Japan.

He told the Pearl Harbor committee that Japanese intercepted messages ordering destruction of codes constituted the "tip-off". He continued:

"If you rupture diplomatic relations, that doesn't necessarily mean war for they (diplomats) can pack up codes with their dolls and go home. The consular agents are still there.

"But, when you tell diplomats to burn codes, that means war."

Representative Gearhart (Republican), California: "That was a dead tipoff, the order for destruction of codes—it meant war?"

Ingersoll: "Yes, because the consuls were included. It meant war."

Senator Ferguson (Repub.), Michigan, asked Ingersoll if in the fall of 1941 he knew there was a war being fought in the Atlantic without a declaration by Congress. Ingersoll said:

"I certainly did. It was not a legal war."

Brags of Lindbergh War Crimes

FLEW 50 MISSIONS AGAINST JAPS WHILE CIVILIAN

NEW YORK,—Charles A. Lindbergh, as a civilian, flew 50 missions as a fighter pilot against the Japs, dive-bombed enemy positions, sank barges, and made a major contribution by adding 600 miles to the range of twin-engined P-38 fighters.

The full story of Lindbergh's battle record, **long a war secret,** is told by Colonel Charles Macdonald, who flew with him on many battle missions, in a signed article in the current issue of Collier's Magazine.

Only parts of the story, including the fact that the "Lone Eagle" once shot down a Jap, previously have been revealed.

Lindbergh was in the Pacific theater as an aircraft observer for the United Aircraft Corporation, manufacturers of the Navy's Vought-Corsair single-engine fighter.

Editor's Note: Under the Geneva conventions Lindbergh, a civilian, murdered Japanese soldiers as a war criminal.

End of 'Sedition' Mass Trial

Dear Mr. de Aryan:

I have long wanted to ask you if that book from which you are running your serial article, "Yehoshua Nazir—Life of Christ—Jesus the Nazarite, By Dr. Otoman Zar-Adusht Hanish" can be purchased anywhere and at what price. It is so very fine I should like to own a copy.

Suppose you heard what went on in Court here when Jackson & Jackson, in behalf of Winrod, petitioned to have the indictments nollified; that old Rogge appeared as a representative of the D. of J., yet admitting that he had no authority from them; so the Judge gave him two more weeks to appear with said authority. The fact is, while Rogge is still on the pay roll down there to get his drag, he is in disrepute with the powers that be and they will not even allow him an interview; so how can he get their authority? If he goes back to court a second time without it, the Judge will likely grant Jackson's petition. Meanwhile others are joining in the Jackson Petition and filing supplementary petitions of their own. I met Miss Young on the street Friday noon. She was the only woman attorney, you know, the pro-Britisher who represented Lyman. She said she believed in letting a sleeping dog alone. I told her I was like the dog-catcher who believed in putting them out of their misery soon as caught. If she had been bitten as we were she might feel differntly, too. —L. de L. W.

Truman Preparing for War on Russia

TOLSTOY'S "MAN FROM THE NORTH"

Those who are looking into the future have two great prophecies to consider. One, known as "George Washington's Vision" which predicts invasion of this continent by the combined hordes of Europe, Asia and Africa, the other made by Count Tolstoy in which he foresaw already **before the First World War** the toppling of crowned heads and the substitution of a dictatorship by **"THE MAN FROM THE NORTH".**

It is evident, now, that both prophecies are about to be consumated. The man from the north is none else than Joseph Stalin and President Truman is already preparing for war against him and for this reason wants to subsidize England for war, & let nobody tell you that it is for any other purpose. He said so himself. But Truman, yet a stooge of hate-crazy Jews, is destroying German youth by starvation, to please both the Jews and Stalin. And Germany was the strongest bulward in Europe against Bolshevist occupation. What a fool Uncle Sap turned out to be, **right out of the "horse's mouth", the Truman administration.**

ENGLAND FIRST LINE OF DEFENSE

WASHINGTON, D. C.,—A propaganda campaign rivaling the heat which was turned on congress to approve the Bretton Woods international financial agreements has been launched by the Truman administration in behalf of the proposed 3.75 billion dollar gift-loan to Great Britain.

President Truman, who requested approval of the British aid measure in a special message to congress, has been making personal appeals to nationalist senators. According to the senators, the President's argument is that **we must save the British empire as a friend and ally in case of trouble with the Russians.** If we let the empire collapse, Russia will overrun all of Europe, Africa, and Asia, and the United States will stand alone against world communism, the President was quoted as saying.

* * * *

RED AIMS DWARF NAZI DREAMS

That the Jewish revenge war against Germany has destroyed the balance of power in Europe is now plain even to the dumbest Englishman. Not only is Bevin being attacked openly by Stalin, but CAPITALISM is called the "Breeder of Wars" in contrast with Communism who is the most brutal exterminator of individual liberties in the world. Karl von Wiegand reminds us again of the folly of German destruction:

"The far greater and more dangerous ambitions of the more able Red generalissimo, Marshal Josef Stalin, have been substituted for the ambitions of the Nazi Fuehrer Adolph Hitler, who perished by his own hand when failure came.

"America, under leftist influences and delusions at home and from abroad, has adopted the ostrich's policy.

"For peace, prosperity, defense and national security, America is sticking her head into the sands of the United Nations Organization. Those are the glittering quick sands of illusion.

"Soviet Russia with her Communist imperialism and totalitarian dictatorship system of government, entered upon a grand offensive in the first month of this year and is still pursuing it.

"That offensive of statecraft and diplomacy extends from Java, Korea through China, Iran, the Middle East, the eastern Mediterranean, to London, Iceland and Washington.

"The central spearpoint was directed against Britain."

In the face of these open facts **is the U. S. Congress and the Truman administration** going to continue to starve Germany, destroy its people to please some hate-crazed Jews, deprive American citizens of mail service with their own kin in Germany and **is Uncle Sap going to loan more money, supply more material to Stalin to make war on us ?**

Gov. Warren Runs With Commies

SACRAMENTO,—Members of the Legislature asserted the Warren administration has embraced leftist philosophies and one lawmaker even went so far as to denounce Governor Earl Warren's recent castigation of the legislators as following the Communist Party line.

The criticism came from both Republicans and Democrats. In the latter group, Hollywood's Actor-Assemblyman, Albert Dekker, generally regarded as a left-winger himself, came out with a statement declaring Warren has adopted the party program and therefore ought to swich from his Republican registration.

"This Republican Governor, so-called nonpartisan, if he really believes in the things and the philosophies that he advocates should come out, declare himself a Democrat and appeal to the people on that basis," said Dekker.

"For myself, I believe in a strong two-party system, in which each party challenges the other party to do its best. To straddle the double white line in the middle of the road means death from the moving traffic in opposite directions and in the political life of the community it is impossible to carry water on both shoulders."

PROGRAM TOLD

Dekker said Warren offered the opening session of the 1945 Legislature "a program . . . . taken bodily and almost word for word from the program of the Democratic Party as enunciated by Franklin Delano Roosevelt."

Then, referring to the left-wing assemblage as Sacramento's **"pre-legislative conference"** last January, Dekker said Warren the next day "reiterated the program of the Democratic Party" to the special session.

Dekker went on to cite the radical-sponsored proposals adopted by Warren—including F. E. P. C., so-called "full employment", and similar bills.

From the conservative element of the Democratic Party came this expression by Assemblyman John W. Evans, Los Angeles:

"I think Governor Warren has stolen the program of the left-wingers and is actively supporting such a program. I have reference to such items as the bills on socialized medicine.

"He has followed the same trend as former Governor Olson, by using the same tactics as Olson in tearing down the public's confidence in the elected representatives—which is part of the Communist program."

DESTRUCTIVE

One of Warren's heretofore most ardent Republican supporters in the Assembly also made known privately his resentment at the Governor's ideological shift, declaring:

"He has gone over to the left, and it comes to me as a matter of extreme regret. I am particularly angry about his castigation of the Legislature recently. It is destructive of public confidence and is a typical leftist tactic."

Those Gullible Gentiles

NEW YORK,—There are some very red faces among the "Friends of Frank Fay" organization. In staging their recent tremendous protest rally which was largely sponsored by Catholic groups and which filled the immense Madison Garden to overflowing, Jewish agents on the outside induced them to take special precautions to prove that the rally was not "anti-Semitic" whereas everybody who knew anything about the attack on Frank Fay and the ensuing controversy knew that it was sponsored by Jews and Communists in the Actor's Equity Association.

But in order to prove that the rally was in nowise anti-Semitic the slickers induced the Committee to put a Rabbi on the program and to arrange for attacks on Joe Kamp, who occupied a box, on Gerald L. K. Smith and other prominent figures in the "nationalist" anti-Nudeal movement.

These attacks were entirely out of place and were received by a storm of boos and hisses. But the Jews had had their way, and the Committee were pleased with themselves at having done a high-grade bit of tight-rope walking on a highly controversial subject.

Imagine their discomfiture, however, when a couple of short weeks later they were evicted from their headquarters on the grounds that they were "anti-Semitic."

Well, experience is a dear school and fools will learn in no other way—if they learn at all. The Jews know what the score is and require 100 per cent submission to and agreement with their world-shattering plot. But there are still too many— oh, vastly too many— gullible saps among the Gentiles who haven't the faintest idea of the score. How to rescue them from their dismal ignorance and extreme complacency is the prime problem of all patriotic workers.

Facts About Arthur Bell (the Voice)

Dear Mr. de Aryan:

You have indeed presented me with a problem. I have only been in Los Angeles a few hours at a time since last November and seldom have more than a telephone conversation with Mr. Bell myself. I do not mean to imply that such a meeting as you requested in your letter will be impossible, but to take our attention, even for a moment, from the continuous unconstitutional, pernicious and malicious attacks of the anti-Christ at this time does not seem probable, regardless of my desire to aid you.

I am enclosing a statement which Mr. Bell made to certain newspapers that may give you some working material for the moment. We believe that if the sane people of California knew the truth about the attacks against our Church—by whom those attacks are being made and why they are being made—that the present apathy of the thinking people would be turned into constructive dynamic action to safeguard their own religious freedom and constitutional rights . . . It must be apparent that we are truly living the Christ principles and demonstrating the power those principles carry with enough success to interfere with the plans of the anti-Christ, or we would not be of sufficient importance to cause them to spend hundreds of thousands of dollars and break every law of our land in their attempt to destroy us.

We are going through this persecution unharmed and unafraid and **we are** making such advances as to eventually rend the gigantic force of its power, not for ourselves alone but for all mankind. And what else matters, if during each passing day we are able to so live that we write our own verdict in the fire and flame of each setting sun. Thank you for your interest in our cause, your cause, humanity's cause; and should circumstances make your request possible, I will certainly call you.

Sincerely, A. R. ELSEA.

Christian Nationalists and America Firsters supplied the stategic key men who organized and set up a great mass rally in Madison Square Garden in honor of Frank Fay (the famous actor) who has been carrying on a fight against Communism and a defense of Christian Americanism. Among those present to encourage the rally were Hamilton Fish, Merwin K. Hart and Joseph Kamp.

German Slave Workers Steal Way to Freedom

PARIS,—Twelve tons of food, which German prisoners of war stole from the American army to sell on the black market, were discovered by the French public security service in a storeroom of a bakery at Le Havre. The police said some of the **prisoners have made so much money from this traffic that they were able to bribe boat owners to take them to points from which they could reach Germany.**

For some time the army has been using unescorted German prisoners to drive trucks loaded with food from ships to the army storehouses in Le Havre.

Investigations showed that the prisoners stole several truck loads daily, unloading them in the bakery run by Georges Marron, 30 year old Frenchman who sold the food to the black market. Among the recovered foodstuffs was more than a ton of sugar.

Another Jewish Boomerang

NEW YORK,—Despite the boastful claims that the Jews are making headway in their boycott on the Daily News, anti-Nudeal paper having the largest circulation in New York City, the fact is that the boycott has turned into a flop. Some few large advertisers were induced to quit in the beginning but most of them have returned, notably Saks which has caused a great pain in the editorinal offices of the "Jewish Exponent" and the Communist press generally.

As a reaction to the boycott, the News has gained many new subscribers and readers who had not been interested before.

The refusal of many Jewish advertisers and readers to support this attempted boycott is strong evidence of a growing conviction among the more intelligent and cool-headed of "God's Chosen", that their racketeer leaders have overplayed their hand and befouled their own nest, not only in Europe but in this country also, and have brought about an exactly opposite result from that which they hoped to achieve.

Arthur Vandenberg almost blew up when he reached London and discovered the lengths to which Byrnes had gone to appease Stalin. His explosion was quelled, however, by coercive threats from top-notch leaders in the CIO who are strong in Michigan. Vandenberg's desire to please, frequently limits his capacity as a statesman.

It is believed by well-informed insiders that the so-called sedition indictments will be dropped. Privately financed gestapo organizations will carry on the persecution of these people who were indicted because of their anti-Communism, anti-New Dealism, America First tendencies and open criticism of Jews.

JOKER SEEN IN 'UNITED' NATIONS TAG

PHILADELPHIA, — The United Nations is a "rhetorical illusion," Prof. Leslie A. White of the department of anthropology of the University of Michigan, maintains.

White, in an address before the American Anthropological association in the University of Pennsylvania museum said the Anglo-American coalition and the Soviet union only two big powers in the world today, are "on speaking terms, but that is about all."

"A world organization on paper has the force and significance of paper organizations, namely, impotence and deception," White declared.

It is "only a delusion," he said , to believe that the power of atomic energy will "shock nations into 'a renunciation of war as an instrument of national policy.' "

"Physicists tell us," he said, "that there is no secret to be delegated to a world authority. Thus we have neither secret nor world authority, yet so unrealistic is our thinking today as to urge that we turn over a non-existent secret to a non-existent authority is regarded by many as the acme of political wisdom."

THE GRANDEST LARCENY

NEWARK, N. J.,—That Englishman Keynes is going away with nearly 30 billions of our money in the form of a loan and liquidated lend-lease obligations. Thirty billions is the total wealth of a half dozen states. It is more than half of total value of all the securities listed in the New York Stock exchange. If such a colossal amount were suddenly destroyed we would have the worst panic ever. Yet that is what the Washington administration proposes.

This new raw deal will cost about $1,000 to every family. Most people do not understand the enormity of this swindle. Even a financially trained man can hardly grasp what 30 billions mean. But 30 billions are 30,000 millions, and since there are about 133 million inhabitants in the United States, it comes to about $225 for every man, woman and child, or about $1,000 per family of five.

If any of us took a plane to England to collect or try to collect $225 from every English man and woman, they would lock us up in Scotland Yard as an impostor or as insane. If that would be the treatment in London, why not apply it here.

—JOHN QUINCY DELANEY

CAUSE OF EARTHQUAKES

Earthquakes result from underground explosions. Inject water into a steam boiler having white hot tubes and the boiler will explode.

If the tension-cracks in the Earth's crust, called fault lines, penetrate into white hot underground caverns, water leaks through and the caverns will blow-up.

Tremors are caused by small explosions, or may result from liquid waves passing underneath fault lines. Hot liquid waves circumvent the Earth under the solid crust, as an after-effect from oxyhydrogen gas explosions in underground caverns.
